

*Thank you for your interest in the Franklin County Fair.*

The Franklin County Fair Concessions Superintendents are proud to hold an event the whole family can enjoy from the smallest child to the eldest guest. We also want to make sure our vendors are having great success as well. We select the best fit for the fair based on having a variety of foods, services, and products available to the public. We want to make sure we provide our fair goes with good variety rather than filling up space with many duplicate vendor types.

STRAGHT SALES : Attached please find an application for space. We currently have outside and inside space available.

FOOD VENDORS: All Vendors must meet State Codes. Ansel system is required in any food trailer with fryers.

Please feel free to return an application to be considered for the fair. As mentioned in the first paragraph, food vendors are also not overbooked to ensure everyone has an equal opportunity to vend. There are no exclusives on any item, service, or product.

If you have further question please email [FCASconcessionsinfo@gmail.com](mailto:FCASconcessionsinfo@gmail.com)

Thank you

Sue Brulotte
